

Amia™

LiveLumbar™

Tucked away inside its back rest is the Amia chair's secret, the patent-pending LiveLumbar—a system of steel flexors that contour to fit your spine, for continuous, dynamic lower back support as you move in your chair.

Amia™

LiveLumbar™

Two handles on the Amia chair's backrest let you slide the LiveLumbar with ease to your ideal position. Once adjusted you'll feel like your chair was custom built for you.
